BOARD TO FINALIZE SUSTAINABILITY UPDATE PUBLIC HEARING

The Santa Cruz County Board of Supervisors on Tuesday is expected to finalize a public hearing on the Sustainability Policy and Regulatory Update (“Sustainability Update”). Once completed, the vote will represent the first comprehensive update to the County’s General Plan in nearly 30 years.

The Sustainability Update aligns with State law and includes updates to the General Plan/Local Coastal Program and modernization of the County Code, as well as preparation of new Design Guidelines. The proposal includes updated regulations that will guide land use planning in unincorporated areas of the county, including policies on housing production; transportation; agriculture and resource conservation; commercial development; community services; sustainable communities; and environmental justice. Interested parties may comment in person or via Zoom at <https://us06web.zoom.us/j/85163210200>.
