1999	41,116	23,603	17	1,406	2,722	3,305	1,639	8,349	75
2000	45,054	26,031	(13)	1,008	2,755	3,841	2,164	9,179	89

\* After June 30, 1993, the County switched to the Alternating Tax Apportionment Method which treats prior taxes as payments against an outstanding Taxes Receivable balance. The amounts shown after this date are either past adjustments or represent delinquent payments applicable to the Supplemental Tax Roll.
