### CZU FIRE REBUILDING AND PERMITTING VIRTUAL TOWN HALLS

The County of Santa Cruz will convene two virtual town halls to introduce the Recovery Permit Center and to discuss the permitting process for rebuilding after the 2020 CZU Complex fires.

Representatives of the Recovery Permit Center will describe the services that are available to ease, streamline, and assist property owners in obtaining permits and will explain how property owners can access that assistance. Representatives from burn area fire departments and the State Office of Emergency Services have been invited to participate as well. Permitting staff will remain on line after the meeting to answer questions as needed.

Both meetings will present the same basic information, although the February 11th meeting will additionally focus on the coastal zone. The meetings will be recorded and available at [www.santacruzcounty.us/firerecovery](http://www.santacruzcounty.us/firerecovery).
