

Appendix D

Asbestos and Hazardous Waste Service Provider Information

Burn sites should be evaluated for asbestos and hazardous waste; identified asbestos and hazardous waste shall be properly disposed of prior to commencement of demolition work and debris removal. The following link lists [Hazardous Materials Consultants/Contractors](#). Some of the listed consultants may be able to conduct asbestos remediation.

The following information regarding companies that provide asbestos and hazardous waste services is provided to assist victims of recent wildfires to engage in the cleanup process. Santa Cruz County Environmental Health Division does not recommend or endorse individual service providers, and cannot guarantee their services.
