Climate Action Strategy

By December 2022, OR3 will complete an update of the County Climate Action Strategy, with increased emphasis on community resilience and social vulnerability to Climate Change.

Key Steps

- 1 Perform gap analysis of existing 2013 document.
- 2 Seek grant funding to support comprehensive social vulnerability to climate change countywide analysis.
- 3 Identify key County department support staff for update, and secure funding for consultant support of Social Vulnerability elements.
- 4 Conduct stakeholder outreach countywide with the community and local and regional governmental and non-governmental agencies.
